PUBLIC PROPERTIES

Our Public Properties Division has been busy with several projects throughout the City. The community pools have been prepared for operation and also have new signs and freshly painted buildings. The Green Street Community Center had major renovations completed, including: new floors, ceiling tile replacement, repaired light fixtures, a refurbished locker room with new facilities, fresh paint, and more. Now, Public Properties is working on renovating the bleachers at Memorial Field.

S.O.S. - SAVE OUR SEWER!

We're sending an S.O.S. - save our sewer! Our sewer system is getting blocked from flushing products down toilets and pouring fats, oils, and grease down drains. Save our sewer at www.concordnh.gov/FOG and www.concordnh.gov/flushable.

CYANOTOXINS

The EPA has issued a regulatory health advisory for cyanotoxins. Staff at our Water Treatment Plant confirmed cyanotoxins are not a threat in our water. Our staff monitors Concord's water and tests regularly to provide the highest quality and safety. For more information about our water, visit www.concordnh.gov/waterquality.

NEW BAG RETAILER

CVS at 46 North Main Street in Concord is now carrying PAYT trash bags! Find a full retailer list on our [trash page](#).

WEB AWARD

The Northeast Resource Recovery Association awarded us with their 2015 Outstanding Recycling Facility Website Award for our [solid waste webpage](#). Our Solid Waste Manager, Adam Clark, and Communications Coordinator, Angelina Bossone, accepted the award at the NRRA's 34th Annual Conference.
